

ST. LOUIS--(BUSINESS WIRE)--Oct. 25, 2004--Centene Corporation (NYSE:CNC) today announced its financial results for the quarter ended September 30, 2004.

Third Quarter Highlights

- Revenues of \$253.7 million, a 27.7% increase over the third quarter of 2003.
- Earnings from operations of \$16.5 million, a 30.3% increase over the third quarter of 2003.
- Earnings per diluted share of \$0.52.
- Organic membership growth of 32.3% over the third quarter of 2003, including the Texas Exclusive Provider Organization (EPO) contract.
- Texas EPO start-up costs moved Medicaid Managed Care segment G&A expense ratio to 10.5% (GAAP) and 10.0%, exclusive of the effect of premium taxes (non-GAAP).
- Operating cash flows of \$57.5 million for the nine months ended September 30, 2004.
- Days in claims payable of 57.3 and claims inventory of 141,200, also driven by the Texas EPO contract.
- Signed definitive agreement to purchase FirstGuard, serving over 136,000 members and marking Centene's entry into Kansas and Missouri, two additional Medicaid-mandated states.
- Realigned Specialty Companies into a subsidiary company named CenCorp Health Solutions(TM).
- Announced plans to establish a claims processing facility in Great Falls, Montana to accommodate growth initiatives for 2005 and beyond.

Michael F. Neidorff, Centene's chairman and chief executive officer, said, "I am pleased to report another strong quarter, marking our 21st quarter of consecutive earnings growth. We remain focused on growing our business methodically and predictably while continuing to work with the states in which we operate to offer better member care while achieving costs savings for the states. We experienced strong growth in Indiana and Texas, while New Jersey and Ohio were relatively flat, as anticipated. We are pleased to have added the 94,500 SCHIP Exclusive Provider Organization members in Texas, effective September 1, 2004, ahead of schedule. In New Jersey, we anticipate marginal growth for the year and are working actively with the State to expand our SSI coverage into additional counties. As we continue to build our physician network and seek to enter new service areas in Ohio, we are confident in the growth opportunities within this State. In Wisconsin, the State has implemented new verification requirements for BadgerCare recipients, resulting in a decline in enrollment from the sequential quarter. In the past, we have experienced similar short-term variances in other markets, namely Indiana and Texas, and will work with the State of Wisconsin to re-qualify recipients. These temporary changes are part of the normal course of doing business and do not affect our prospects for ongoing organic growth of 10-12%.

A significant highlight during the quarter was the announcement of our definitive agreement to purchase FirstGuard, two health plan entities that serve 136,000 members in Kansas and Missouri, marking our entry into two additional Medicaid-mandated states. The organic growth opportunities are significant, given the 1.2 million Medicaid and 120,000 SSI eligibles in both states. We will also be able to leverage our local approach, and the acquisition will be accretive in 2005, consistent with our prior guidance. Subject to regulatory approvals, we expect the transaction to close by the first quarter of 2005.

In addition, our plans to establish a second claims processing center in Great Falls, Montana are underway. When completed, this facility will provide Centene with geographic diversity and redundancy capabilities, while enabling us to methodically plan for our growth initiatives for 2005 and beyond," concluded Neidorff.

The following table depicts membership in Centene's managed care organizations by state at September 30,

2004 and 2003:

	2004	2003
Indiana	150,000	112,100
New Jersey	53,200	52,700
Ohio	23,500	--
Texas	250,200	152,100
Wisconsin	164,700	150,200
TOTAL	641,600	467,100

The following table depicts membership in Centene's managed care organizations by member category at September 30, 2004 and 2003:

	2004	2003
Medicaid (excluding SSI)	479,500	389,200
SCHIP	152,100	68,600
SSI	10,000(a)	9,300(b)

(b) 4,300 at-risk; 5,000 ASO

Statement of Earnings Highlights

- For the third quarter of 2004, revenues increased 27.7% to \$253.7 million from \$198.8 million in the third quarter of 2003.
- The health benefits ratio (HBR), which reflects medical costs as a percent of premium revenues, was 80.7% (GAAP) compared to 82.0% (GAAP) for the same period in 2003. Excluding premium taxes imposed by the State of Texas beginning September 1, 2003, and the State of New Jersey beginning July 1, 2004, the HBR was 81.2% (non-GAAP) for the current quarter.
- Consolidated general and administrative (G&A) expenses as a percent of revenues increased to 12.7% (GAAP) in 2004 from 11.4% (GAAP) in the third quarter of 2003. Excluding the effect of premium taxes, the expense ratio was 12.2% (non-GAAP). The Medicaid Managed Care segment G&A ratio was 10.0% (non-GAAP) compared to 10.1% (non-GAAP) for the same prior year period and included \$400,000 of start up costs associated with the Texas State Children's Health Insurance Program Exclusive Provider Organization contract that was effective September 1, 2004. The Specialty Segment G&A ratio was 56.0%. The quarter's results included approximately \$445,000 in due diligence costs for a transaction that we decided not to pursue as well as costs associated with the closing of our clinic facilities in California and Texas.
- Earnings from operations increased 30.3% to \$16.5 million from \$12.6 million in the third quarter of 2003.
- Net earnings were \$11.4 million, or \$0.52 per diluted share, compared to \$8.7 million, or \$0.44 per diluted share, for the third quarter of 2003.
- For the nine months ended September 30, 2004, revenues increased 26.8% to \$712.9 million from \$562.4 million for the same period in the prior year. The health benefits ratio was 80.9% (GAAP), with the Medicaid component at 80.3%, compared to 82.0% for the same period in 2003. General and administrative expenses as a percent of revenues for the Medicaid segment were 10.4% (GAAP) and 9.9% (non-GAAP) as

compared to 10.3% (GAAP) in 2003. Earnings from operations increased 42.2% to \$47.1 million from \$33.1 million in 2003. Net earnings improved to \$32.3 million, or \$1.49 per diluted share.

Balance Sheet Highlights

At September 30, 2004, the Company had cash and investments of \$323.6 million, a portion of which is restricted due to state regulatory requirements. Medical claims liabilities totaled \$126.4 million, representing 57.3 days in claims payable versus 53.5 days from the previous quarter. This increase reflects higher claims inventory levels primarily resulting from transitioning the EPO members to Centene effective September 1, 2004.

Outlook

Karey L. Witty, Centene's chief financial officer, commented, "Our fourth quarter 2004 revenue guidance is in the range of \$265 million to \$267 million, and we anticipate net earnings of \$0.52 to \$0.53 per diluted share, based on 22.0 million fully diluted shares outstanding. This anticipates incurring approximately \$900,000 in start-up costs during the fourth quarter in preparation for the FirstGuard closing. For 2005, we anticipate revenue in the range of \$1.22 billion to \$1.24 billion, and net earnings per diluted share of \$2.39 to \$2.47. Since the FirstGuard transaction is subject to regulatory approvals, our guidance excludes any impact related to the transaction. In addition, this guidance does not include the effects of any pending changes to the accounting treatment for stock options." A review of the results for the third quarter and additional details on management's outlook for the fourth quarter, together with preliminary views on 2005, will take place during the Company's scheduled third quarter earnings call.

Conference Call

As previously announced, the Company will host a conference call tomorrow, October 26, 2004, at 8:30 a.m. (Eastern Time) to review the financial results for the third quarter ended September 30, 2004, and to discuss its business outlook. Michael F. Neidorff and Karey L. Witty will host the conference call. Investors are invited to participate in the conference call by dialing 800-273-1254 in the U.S. and Canada, 706-679-8592 from abroad, or via a live Internet broadcast on the Company's website at www.centene.com, under the Investor Relations section. A replay will be available for on demand listening shortly after the completion of the call until 11:59 p.m. (Eastern Time) on November 10, 2004 at the aforementioned URL, or by dialing 800-642-1687 in the U.S. and Canada, or 706-645-9291 from abroad, and entering access code 1093292.

Financial Presentation

The Company is providing certain non-GAAP financial measures in this release as the Company believes that these figures are helpful in allowing individuals to more accurately assess the ongoing nature of the Company's operations and measure the Company's performance more consistently.

The pro forma (non-GAAP) information presented above in the fifth bullet under "Third Quarter Highlights" and second, third and sixth bullets under "Statement of Earnings Highlights" and presented below in tables excludes the impact of the premium taxes enacted in September 2003 by the State of Texas and in July 2004 by the State of New Jersey. This assumption has been made in the non-GAAP financial measures as management believes that this assumption generally provides a more consistent measure of the Company's performance.

The Company uses the presented non-GAAP financial measures internally to focus management on period-to-period changes in the Company's core business. Therefore, the Company believes that this information is meaningful in addition to the information contained in the GAAP presentation of financial information. The presentation of this additional non-GAAP financial information is not intended to be considered in isolation or as a substitute for the financial information prepared and presented in accordance with GAAP.

About Centene Corporation

Centene Corporation provides multi-line managed care programs and related services to individuals receiving benefits under Medicaid, including Supplemental Security Income (SSI), and the State Children's Health Insurance Program (SCHIP). The Company operates health plans in Indiana, New Jersey, Ohio, Texas and Wisconsin. In addition, the Company contracts with other healthcare organizations to provide specialty services including behavioral health, nurse triage and treatment compliance. Information regarding Centene is available via the Internet at www.centene.com.

The information provided in the paragraphs following the bullet listing under "Third Quarter Highlights," and the paragraph under "Outlook" above contain forward-looking statements that relate to future events and future financial performance of Centene. These forward-looking statements represent the Company's estimates as of

October 25, 2004. Subsequent events and developments may cause the Company's estimates to change. The Company disclaims any obligation to update this forward-looking financial information in the future. Readers are cautioned that matters subject to forward-looking statements involve known and unknown risks and uncertainties, including economic, regulatory, competitive and other factors that may cause Centene's or its industry's actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by these forward-looking statements. Actual results may differ from projections or estimates due to a variety of important factors, including Centene's ability to accurately predict and effectively manage health benefits and other operating expenses, competition, changes in healthcare practices, changes in federal or state laws or regulations, inflation, provider contract changes, new technologies, reduction in provider payments by governmental payors, major epidemics, disasters and numerous other factors affecting the delivery and cost of healthcare. The expiration, cancellation or suspension of Centene's Medicaid managed care contracts by state governments would also negatively affect Centene.

MEDICAL CLAIMS LIABILITIES
(In thousands)

Four rolling quarters of the changes in medical claims liabilities are summarized as follows:

	----- 2004 -----	
Balance, September 30, 2003		\$91,739
Incurring related to:		
Current period	750,116	
Prior period	(13,330)	

Total incurred	736,786	

Paid related to:		
Current period	630,164	
Prior period	71,967	

Total paid	702,131	

Balance, September 30, 2004		\$126,394
	=====	

Centene's claims reserving process utilizes a consistent actuarial methodology to estimate Centene's ultimate liability. Any reduction in the "Incurred related to: Prior period" claims may be offset as Centene actuarially determines "Incurred related to: Current period." As such, only in the absence of a consistent reserving methodology would favorable development of prior period claims liability estimates reduce medical costs. Centene believes it has consistently applied its claims reserving methodology in each of the periods presented.
