

AcariaHealth Invests in Free Goods Program, Opening Modern Specialty Pharmacy Facility in Shelby Township, Michigan -
Aug 28, 2024

*With Second Pharmacy Relocation This Year, AcariaHealth Emphasizes Commitment to Enhancing Patient Care, Empowering
Employees, and Engaging Community*

DETROIT, Aug. 28, 2024 [/PRNewswire/](#) -- [AcariaHealth](#), a national specialty pharmacy focused on improving care and outcomes for patients living with complex medical conditions and a [Centene](#) company (NYSE: CNC), announced the relocation of its Homescrpts pharmacy, a national leader in free goods service supporting patient medication access and adherence, to Shelby Township, Michigan. This new, nearly 33,000 square foot Detroit-area facility will provide ample space for business and pharmacy operations.

"We believe that investing in our employees and the communities we serve is integral to improving health outcomes and enhancing quality of life," said Chief Executive Officer of AcariaHealth, Jessica Ciccolella-Kahl. "We are grateful for the opportunity to contribute to the vibrant Shelby Township community and look forward to utilizing this beautiful new facility to support patients across the country."

Homescrpts offers manufacturer-led medication programs for Patient Assistance, Bridge, Interim, and Replacement services that help patients overcome adherence barriers including medication costs, insurance coverage, and medication loss, theft, or expiration. Homescrpts pharmacists and staff are devoted to helping patients enrolled in free goods programs for conditions such as, but not limited to, multiple sclerosis, Alzheimer's disease, and myasthenia gravis. Homescrpts works closely with patients and providers to help manage the daily impact of their conditions and reduce barriers, leading to improved adherence and better health outcomes.

The opening of this new facility underscores AcariaHealth's commitment to transforming lives with compassionate care through exceptional services and leading innovation. The modern inviting workspaces and upgraded dispensing pharmacy provides ample space for future growth and expansion capabilities to meet patient and client needs.
