

CENTENE NAMED ONE OF FORTUNE'S® 100 BEST LARGE WORKPLACES FOR WOMEN™ 2024 - Oct 29, 2024

ST. LOUIS, Oct. 29, 2024 /PRNewswire/ -- [Centene Corporation](#) (NYSE: CNC), a leading healthcare enterprise committed to helping people live healthier lives, announced today that it has been named to the 2024 *Fortune 100 Best Large Workplaces for Women*™ list for the second consecutive year. Ranking 66 out of 100 large companies, the list recognizes Centene for supporting employee well-being, fairness in compensation, and providing women in the workplace with ample opportunities for growth.

"Over three-quarters of our workforce is made up of women, and even more importantly, women make up a majority of our people managers across the organization, reflecting our ongoing commitment to creating an environment where they can excel and lead," said Centene Chief Executive Officer Sarah M. London. "When our people feel supported and the diversity of our team reflects the communities we serve, we're able to deliver better care and better outcomes."

The list ranks firms according to quantitative and qualitative surveys from more than 600,000 women employed by eligible companies and was developed in collaboration with Great Place to Work®.

Centene continues to support women in its workforce through the expansion of its employee inclusion group for women, I.N.S.P.I.R.E, which provides targeted development sessions, mentoring and community engagement to develop women as leaders and prepare them for opportunities at all levels of the company. In 2024, I.N.S.P.I.R.E expanded to include dedicated parent groups catering to various life stages. Recognizing the unique needs of working moms, these subgroups were introduced to support parents of children at different developmental stages and varying family circumstances.
