## **Centene Announces Definitive Agreements to Expand in South Carolina and Exit New Jersey**

ST. LOUIS--(BUSINESS WIRE)-- Centene Corporation (NYSE: CNC) announced today that it has simultaneously executed definitive agreements to acquire certain assets of AMERIGROUP Community Care of South Carolina, a wholly-owned subsidiary of AMERIGROUP Corporation, and to sell to AMERIGROUP certain assets of University Health Plans, Inc., a wholly-owned subsidiary of Centene. As of September 30, 2008, University Health Plans and AMERIGROUP Community Care of South Carolina had approximately 55,000 and 9,000 members, respectively. Both transactions, which are subject to the approval of regulators in their respective states, are expected to be completed during the first quarter of 2009.

Michael F. Neidorff, Chairman and Chief Executive Officer of Centene Corporation, stated, "This strategic redeployment of assets is consistent with our portfolio approach to managing our business. It will further enhance the positioning of our subsidiary, Total Carolina Care, by strengthening our platform for future organic growth throughout South Carolina. Our disciplined market share strategy for New Jersey was not being realized at the level of operational and financial efficiency necessary at this time to further cultivate this as a long-term market investment." Mr. Neidorff also added, "We are fortunate to be able to work with AMERIGROUP on these mutually beneficial transactions in order to strengthen our respective strategic positions while continuing to ensure that access to quality healthcare is provided to our members in New Jersey and South Carolina."

The financial impact of both transactions will be discussed during Centene's 2009 financial guidance conference call on December 19, 2008.
