ST. LOUIS and PHOENIX, Jan. 4, 2021 /PRNewswire/ -- Centene Corporation (NYSE: CNC) and Magellan Health, Inc. (NASDAQ: MGLN) today announced that they have entered into a definitive merger agreement under which Centene will acquire Magellan Health for \$95 per share in cash for a total enterprise value of \$2.2 billion. The transaction, which was unanimously approved by the Boards of Directors of both companies, will broaden and deepen Centene's whole health capabilities and establish a leading behavioral health platform. The combined platform lays the foundation by which the company will continue to invest and innovate for its members, enabling improved health outcomes and faster, diversified growth.

The combination brings together the companies' complementary capabilities in behavioral health, specialty healthcare and pharmacy management. As a result of the transaction, Centene will establish one of the nation's largest behavioral health platforms across 41 million unique members with enhanced capabilities to deliver better health outcomes for complex, high-cost populations. Magellan Health will also add to Centene's leadership in government sponsored healthcare, bringing 5.5 million new members on government-sponsored plans. Magellan Health also provides specialty health services for 18 million third-party customer members in addition to Centene's own members. Furthermore, the transaction adds 2 million PBM members and 16 million medical pharmacy members, enhancing the scale of Centene's pharmacy platform with leading capabilities in specialty drug management. As part of Centene's Health Care Enterprises, Magellan Health will continue to independently support its existing customers and pursue growth opportunities. In addition, the transaction will create attractive shareholder returns through enhanced service capabilities, cross-sell opportunities and increased engagement with third-party customers.

"There is a critical need for a fundamentally better approach to supporting people with complex, chronic conditions through better integration of physical and mental health care. This has become even more evident in light of the pandemic which has driven a dramatic rise in behavioral health needs," said Michael F. Neidorff, Chairman, President and Chief Executive Officer of Centene. "This acquisition accelerates our diversification strategy and enhances our ability to build next generation capabilities in our specialty care business by leveraging our scale and investments in technology. Furthermore, we are very familiar with the range of Magellan Health's healthcare solutions as we have been one of their customers over many years, and our shared commitment to taking care of the most vulnerable populations makes this transaction a natural step."

"We're thrilled to bring together two businesses with complementary capabilities and a shared commitment to driving higher quality care for our members while lowering overall healthcare costs," said Kenneth J. Fasola, Chief Executive Officer of Magellan Health. "By joining Centene under the Health Care Enterprises umbrella, we will maintain the independence necessary to ensure continued service to our third-party customers while accelerating the introduction of innovative solutions and reimagining behavioral health. I look forward to continuing to lead Magellan Health as we create exciting new opportunities for our customers and employees who will benefit from the creation of a best-in-class platform that meets our members' needs today and in the future."

Strategic and Financial Benefits of the Transaction:

- **Broadening and deepening Centene's whole health capabilities at a critical time:** the acquisition increases Centene's scale and capability in behavioral care at a time when more than 2 in 5 Americans are struggling with mental or behavioral health issues associated with the COVID-19 pandemic.¹ In addition, the sickest 5% of the population consume 50% of healthcare spending and Magellan Health's behavioral health, specialty health and pharmacy offerings focus on the portion of this spend that is addressable.²
- **Advancing Centene's specialty care and Health Care Enterprises platforms:** the transaction brings additional scale in the company's growing specialty care division and complements Centene's evolving Health Care Enterprises portfolio, aligned with delivering the latest technologies and services across the full spectrum of its members.
- **Enabling better health outcomes at lower total medical costs:** by combining both companies' capabilities in behavioral health and specialty healthcare, the acquisition enables more integrated solutions across physical and mental health to deliver better health outcomes at lower costs for complex, high-cost populations.
- **Value creation for shareholders:** the acquisition will create attractive opportunities to grow Centene's specialty care business with enhanced services, new product development and additional third party relationships. Centene expects the

transaction to be slightly accretive in the first full year and deliver low to mid-single digit percent adjusted EPS accretion from the transaction by the second full year, including approximately \$50 million in annual net cost synergies projected by the second full year. The net synergies are in addition to the cost reduction plan of \$75 million already initiated by Magellan Health.

Organization and Leadership

Ken Fasola, CEO of Magellan Health, and other members of Magellan Health's leadership team have agreed to join Centene to provide continuity to Magellan Health's strategy and leadership.

Timing and Required Approvals

The transaction is subject to clearance under the Hart-Scott Rodino Act, receipt of required state regulatory approvals, the approval of the definitive merger agreement by Magellan Health's stockholders and other customary closing conditions. In connection with the transaction, affiliates of Starboard Value LP, which own approximately 9.4% of Magellan Health's outstanding shares of common stock in the aggregate, have entered into a merger support agreement whereby they have agreed to vote their shares in favor of the transaction at Magellan Health's special meeting.

The transaction is not contingent upon financing. Centene intends to primarily fund the cash portion of the acquisition through debt financing, and J.P. Morgan has provided a \$2.381 billion bridge financing commitment. Upon closing, Centene expects its debt-to-capital ratio to be in the low 40% range, and intends to use its strong earnings and cash flows to achieve its targeted debt-to-capital ratio in the upper 30% range within 12 to 18 months post close.

Centene and Magellan Health expect to complete the transaction in the second half of 2021.

Cautionary Statement on Forward-Looking Statements of Centene

All statements, other than statements of current or historical fact, contained in this press release are forward-looking statements. Without limiting the foregoing, forward-looking statements often use words such as "believe," "anticipate," "plan," "expect," "estimate," "intend," "seek," "target," "goal," "may," "will," "would," "could," "should," "can," "continue" and other similar words or expressions (and the negative thereof). Centene (the "Company," "our", or "we") intends such forward-looking statements to be covered by the safe-harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995, and we are including this statement for purposes of complying with these safe-harbor provisions. In particular, these statements include, without limitation, statements about our future operating or financial performance, market opportunity, growth strategy, competition, expected activities in completed and future acquisitions, including statements about the impact of our proposed acquisition of Magellan Health (the "Magellan Health Transaction"), our recently completed acquisition (the "WellCare Acquisition") of WellCare Health Plans, Inc.

("WellCare"), other recent and future acquisitions, investments and the adequacy of our available cash resources.

These forward-looking statements reflect our current views with respect to future events and are based on numerous assumptions and assessments made by us in light of our experience and perception of historical trends, current conditions, business strategies, operating environments, future developments and other factors we believe appropriate. By their nature, forward-looking statements involve known and unknown risks and uncertainties and are subject to change because they relate to events and depend on circumstances that will occur in the future, including economic, regulatory, competitive and other factors that may cause our or our industry's actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by these forward-looking statements. These statements are not guarantees of future performance and are subject to risks, uncertainties and assumptions.

All forward-looking statements included in this press release are based on information available to us on the date hereof. Except as may be otherwise required by law, we undertake no obligation to update or revise the forward-looking statements included in this press release, whether as a result of new information, future events or otherwise, after the date hereof. You should not place undue reliance on any forward-looking statements, as actual results may differ materially from projections, estimates, or other forward-looking statements due to a variety of important factors, variables and events including but not limited to: the risk that regulatory or other approvals required for the Magellan Health Transaction may be delayed or not obtained or are obtained subject to conditions that are not anticipated that could require the exertion of management's time and our resources or otherwise have an adverse effect on the Company; the risk that Magellan Health's stockholders do not adopt the definitive merger agreement; the possibility that certain conditions to the consummation of the Magellan Health Transaction will not be satisfied or completed on a timely basis and accordingly the Magellan Health Transaction may not be consummated on a timely basis or at all; the impact of COVID-19 on global markets, economic conditions, the healthcare industry and our results of operations, which is unknown, and the response by governments and other third parties; uncertainty as to the expected financial performance of the combined company following completion of the Magellan Health Transaction; uncertainty as to our expected financial performance during the period of integration of the WellCare Acquisition; the possibility that the expected synergies and value creation from the Magellan Health Transaction or the WellCare Acquisition will not be realized, or will not be realized within the expected time period; the exertion of management's time and our resources, and other expenses incurred and business changes required, in connection with complying with the undertakings in connection with any regulatory, governmental or third party consents or approvals for the Magellan Health Transaction; the risk that unexpected costs will be incurred in connection with the completion and/or integration of the Magellan Health Transaction or the integration of the WellCare Acquisition or that the integration of Magellan Health or WellCare will be more difficult or time consuming than expected; the risk that potential litigation in connection with the Magellan Health Transaction may affect the timing or occurrence of the Magellan Health Transaction or result in significant costs of defense, indemnification and liability; a downgrade of the credit rating of our indebtedness, which could give rise to an obligation to redeem existing indebtedness; unexpected costs, charges or expenses resulting from the Magellan Health Transaction or the WellCare Acquisition; the possibility that competing offers will be made to acquire Magellan Health; the inability to retain key personnel; disruption from the announcement, pendency and/or completion of the Magellan Health Transaction or the integration of the WellCare Acquisition, including potential adverse reactions or changes to business relationships with customers, employees, suppliers or regulators, making it more difficult to maintain business and operational relationships; the risk that, following the Magellan Health Transaction, the combined company may not be able to effectively manage its expanded operations; our ability to accurately predict and effectively manage health benefits and other operating expenses and reserves, including fluctuations in medical utilization rates due to the impact of COVID-19; competition; membership and revenue declines or unexpected trends; changes in healthcare practices, new technologies, and advances in medicine; increased healthcare costs; changes in economic, political or market conditions; changes in federal or state laws or regulations, including changes with respect to income tax reform or government healthcare programs as well as changes with respect to the Patient Protection and Affordable Care Act (ACA) and the Health Care and Education Affordability Reconciliation Act, collectively referred to as the ACA and any regulations enacted thereunder that may result from changing political conditions or judicial actions, including the ultimate outcome in "Texas v. United States of America" regarding the constitutionality of the ACA; rate cuts or other payment reductions or delays by governmental payors and other risks and uncertainties affecting our government businesses; our ability to adequately price products on the Health Insurance Marketplaces and other commercial and Medicare products; tax matters; disasters or major epidemics; the outcome of legal and regulatory proceedings; changes in expected contract start dates; provider, state, federal, foreign and other contract changes and timing of regulatory approval of contracts; the expiration, suspension, or termination of our contracts with federal or state governments (including but not limited to Medicaid, Medicare, TRICARE or other customers); the difficulty of predicting the timing or outcome of pending or future litigation or government investigations; challenges to our contract awards; cyber-attacks or other privacy or data security incidents; the possibility that the expected synergies and value creation from acquired businesses, including businesses we may acquire in the future, will not be realized, or will not be realized within the expected time period; the exertion of management's time and our resources, and other expenses incurred and business changes required in connection with complying with the undertakings in connection with any regulatory, governmental or third party consents or approvals for acquisitions; disruption caused by significant completed and pending acquisitions, including, among others, the WellCare Acquisition, making it more difficult to maintain business and operational relationships; the risk that unexpected costs will be incurred in connection with the completion and/or integration of acquisition transactions; changes in expected closing dates, estimated purchase price and accretion for acquisitions; the risk that acquired businesses will not be integrated successfully; restrictions and limitations in connection with our indebtedness; our ability to maintain or achieve improvement in the Centers for Medicare and Medicaid Services (CMS) Star ratings and maintain or achieve improvement in other quality scores in each case that can impact revenue and future growth; availability of debt and equity financing, on terms that are favorable to us; inflation; foreign currency fluctuations and risks and uncertainties discussed in the reports that Centene has filed with the Securities and Exchange Commission.

This list of important factors is not intended to be exhaustive. We discuss certain of these matters more fully, as well as certain other factors that may affect our business operations, financial condition and results of operations, in our filings with the Securities and Exchange Commission (SEC), including our annual report on Form 10-K, quarterly reports on Form 10-Q and current reports on Form 8-K. Due to these important factors and risks, we cannot give assurances with respect to our future performance, including without limitation our ability to maintain adequate premium levels or our ability to control our future medical and selling, general and administrative costs.

Cautionary Statement on Forward-Looking Statements of Magellan Health

This communication statements which may constitute forward-looking statements made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, the accuracy of which are necessarily subject to risks, uncertainties, and assumptions as to future events that may not prove to be accurate.
