

## Centene Corporation Reports Second Quarter 2021 Results

### -- Diluted Loss Per Share of \$(0.92); Adjusted Diluted EPS of \$1.25 --

ST. LOUIS, July 27, 2021 /PRNewswire/ -- Centene Corporation (NYSE: CNC) announced today its financial results for the second quarter ended June 30, 2021, reporting diluted loss per share of \$(0.92) and adjusted diluted earnings per share (EPS) of \$1.25.

In summary, the 2021 second quarter results were as follows:

Total revenues (in millions)	\$	31,025
Health benefits ratio		88.3 %
SG&A expense ratio		7.9 %
Adjusted SG&A expense ratio <sup>(1)</sup>		7.7 %
GAAP diluted loss per share	\$	(0.92)
Adjusted diluted EPS <sup>(1)</sup>	\$	1.25
Total cash flow provided by operations (in millions)	\$	1,685

<sup>(1)</sup> A full reconciliation of the adjusted SG&A expense ratio and adjusted diluted EPS is shown on page 6 of this release.

"Centene delivered solid second-quarter results as we continued to support our members with high quality service and deliver value to state and local partners. We have seen near-term pressures in our Marketplace business where utilization continues to trend above baseline, and we are monitoring COVID variants closely as the pandemic continues to evolve. Our scale and diversification provide a solid foundation to execute through this environment as we focus on implementing various initiatives to deliver on our stated margin goals," said Michael F. Neidorff, Chairman, President and Chief Executive Officer of Centene.

### Second Quarter Highlights

- June 30, 2021 managed care membership of 25.4 million, an increase of 0.8 million members, or 3%, compared to June 30, 2020.
- Total revenues of \$31.0 billion for the second quarter of 2021, representing 12% growth compared to the second quarter of 2020.
- Health benefits ratio (HBR) of 88.3% for the second quarter of 2021, compared to 82.1% in the second quarter of 2020.
- Selling, general and administrative (SG&A) expense ratio of 7.9% for the second quarter of 2021, compared to 8.8% for the second quarter of 2020.
- Adjusted SG&A expense ratio of 7.7% for the second quarter of 2021, compared to 8.5% for the second quarter of 2020.
- Diluted loss per share for the second quarter of 2021 of \$(0.92), compared to diluted EPS of \$2.05 for the second quarter of 2020. During the second quarter of 2021, Centene recorded a legal settlement reserve estimate of \$1.25 billion (inclusive of the Ohio and Mississippi settlements), or \$1.78 per diluted share.
- Adjusted diluted EPS for the second quarter of 2021 of \$1.25, compared to \$2.40 for the second quarter of 2020.
- Operating cash flow of \$1.7 billion for the second quarter 2021.

### Other Events

- In July 2021, Centene issued \$1.8 billion 2.45% Senior Notes due 2028. The Company intends to use the net proceeds from the offering of the Notes to finance a portion of the cash consideration payable in connection with its previously announced acquisition of Magellan Health Inc. (Magellan) and to pay related fees and expenses.
- In July 2021, Centene commenced operations under a new statewide contract in North Carolina providing Medicaid managed care services and began operating under a new contract to provide Medicaid managed care services in three regions in North Carolina through its North Carolina joint venture, Carolina Complete Health.
- In July 2021, Centene began operating under a statewide contract in Hawaii to continue administering covered services to eligible Medicaid and Children's Health Insurance Program (CHIP) members and a statewide contract to continue administering services through the Community Care Services program.
- In July 2021, Centene acquired the remaining interest in our equity method investment in Circle Health, the U.K.'s largest independent operator of hospitals.
- In June 2021, Centene reached no-fault agreements with the Attorney General of Ohio and with the Attorney General and State Auditor of Mississippi to resolve claims and/or allegations made by the states related to services provided by Envolve Pharmacy Solutions, Inc. (Envolve), as Centene's pharmacy benefits manager subsidiary. Under the terms of these agreements, Centene will pay \$88 million to Ohio and \$55 million to Mississippi. The practices described in the settlements focus on the structure and processes of Envolve, essentially during 2017 and 2018. In the settlements, the Company denied any liability for these practices. As a result of the settlement, the Ohio Attorney General's litigation against the Company was dismissed. The Company also recorded a reserve estimate of \$1.1 billion to bring final resolution to these concerns in other affected states, exclusive of the aforementioned settlements.

### Accreditations & Awards

- In July 2021, for the fourth consecutive year, Centene was recognized with a 100 percent score on the Disability Equality Index as one of the Best Places to Work for People with Disabilities.
- In June 2021, FORTUNE announced Centene's position of #24 in its annual ranking of America's largest companies based on 2020 revenues. In addition, Centene ranked #2 on the Fortune 500 list for the Measure Up Initiative, which aims to make diversity, equity and inclusion disclosure and performance a critical metric for successful businesses.
- In May 2021, Forbes announced Centene's position of #207 in its annual Global 2000 list of the world's largest public companies in terms of four areas: assets, market value, sales, and profits.
- In May 2021, Centene was named a Top 50 Company for Diversity by DiversityInc for the second consecutive year. Centene advanced 13 spots to #36 on the list. Centene was also recognized on two specialty lists this year, ranking #18 for Top LGBT Companies and #21 for Top Companies for Executive Diversity Councils.

Total Revenues	\$ 31,025	\$ 27,712	12 %

(5) Membership includes Medicare Advantage and Medicare Supplement.

## Statement of Operations: Three Months Ended June 30, 2021

- For the second quarter of 2021, total revenues increased 12% to \$31.0 billion from \$27.7 billion in the comparable period of 2020. The increase over the prior year was due to Medicaid membership growth resulting from the ongoing suspension of eligibility redeterminations, membership growth in the Medicare business and our recent acquisition of PANTHERx, partially offset by the repeal of the health insurer fee.
- HBR of 88.3% for the second quarter of 2021 represents an increase from 82.1% in the comparable period in 2020. The year-over-year increase was attributable to overall lower utilization in the second quarter of 2020 due to the COVID-19 pandemic, higher utilization in the Marketplace business in the second quarter of 2021, and an unfavorable 2020 risk adjustment in 2021. Marketplace utilization in the second quarter of 2021 included pent-up demand resulting from previously deferred services during the pandemic.
- The SG&A expense ratio was 7.9% for the second quarter of 2021, compared to 8.8% in the second quarter of 2020. The adjusted SG&A expense ratio was 7.7% for the second quarter of 2021, compared to 8.5% in the second quarter of 2020. The decreases were due to lower short-term variable compensation costs and the leveraging of expenses over higher revenues as a result of increased Medicaid membership and recent acquisitions. These were partially offset by increased sales and marketing costs as a result of the Marketplace special enrollment period and membership growth in the Medicare business. The SG&A expense ratio also benefited from lower acquisition related costs.
- Diluted loss per share was \$(0.92) for the second quarter of 2021, compared to diluted EPS of \$2.05 for the second quarter of 2020. During the second quarter of 2021, Centene recorded a legal settlement reserve estimate of \$1.25 billion (inclusive of the Ohio and Mississippi settlements), or \$1.78 per diluted share, as discussed above.
- The effective tax rate was 1.3% for the second quarter of 2021, compared to 38.2% in the second quarter of 2020. The effective tax rate for the second quarter of 2021 reflects the pre-tax loss, partial non-deductibility of the legal settlement reserve and the repeal of the health insurer fee beginning in 2021. For the second quarter of 2021, our effective tax rate on adjusted earnings was 26.3%.

## Balance Sheet

At June 30, 2021, the Company had cash, investments and restricted deposits of \$27.2 billion and maintained \$1.1 billion of cash and cash equivalents in our unregulated entities. Medical claims liabilities totaled \$12.8 billion. The Company's days in claims payable was 48 days, which is a decrease of one day over the first quarter of 2021 due to the timing of state directed payments. Total debt was \$16.8 billion, which included \$154 million of borrowings on our \$2.0 billion revolving credit facility at quarter end. The debt to capitalization ratio was 38.9% at June 30, 2021, excluding \$187 million of non-recourse debt. Our debt to capital ratio would have been 37.3% at June 30, 2021, when netting unregulated cash and cash equivalents with debt, and excluding non-recourse debt.

## Outlook

The Company's updated guidance is below and will be discussed on the conference call.

### Non-GAAP Financial Presentation

The Company is providing certain non-GAAP financial measures in this release as the Company believes that these figures are helpful in allowing investors to more accurately assess the ongoing nature of the Company's operations and measure the Company's performance more consistently across periods. The Company uses the presented non-GAAP financial measures internally to allow management to focus on period-to-period changes in the Company's core business operations. Therefore, the Company believes that this information is meaningful in addition to the information contained in the GAAP presentation of financial information. The presentation of this additional non-GAAP financial information is not intended to be considered in isolation or as a substitute for the financial information prepared and presented in accordance with GAAP.

Specifically, the Company believes the presentation of non-GAAP financial information that excludes amortization of acquired intangible assets and acquisition related expenses, as well as other items, allows investors to develop a more meaningful understanding of the Company's performance over time. The tables below provide reconciliations of non-GAAP items (\$ in millions, except per share data):

Adjusted SG&A expenses	\$ 2,232	\$ 2,185	\$ 4,497	\$ 4,274

To provide clarity on the way management defines certain key metrics and ratios, the Company is providing a description of how the metric or ratio is calculated as follows:

- **Health Benefits Ratio (HBR) (GAAP)** = Medical costs divided by premium revenues.
- **SG&A Expense Ratio (GAAP)** = Selling, general and administrative expenses divided by premium and service revenues.
- **Adjusted SG&A Expenses (non-GAAP)** = Selling, general and administrative expenses, less acquisition related expenses and restructuring costs.
- **Adjusted SG&A Expense Ratio (non-GAAP)** = Adjusted selling, general and administrative expenses divided by premium and service revenues.
- **Adjusted Effective Tax Rate (non-GAAP)** = GAAP income tax expense (benefit) excluding the income tax effects of adjustments to net earnings divided by adjusted earnings (loss) before income tax expense.
- **Adjusted Net Earnings (non-GAAP)** = Net earnings less amortization of acquired intangible assets, less acquisition related expenses, as well as adjustments for other items, net of the income tax effect of the adjustments.
- **Adjusted Diluted EPS (non-GAAP)** = Adjusted net earnings divided by weighted average common shares outstanding on a fully diluted basis.
- **Debt to Capitalization Ratio (GAAP)** = Total debt, divided by total debt plus total stockholder's equity.
- **Debt to Capitalization Ratio Excluding Non-Recourse Debt (non-GAAP)** = Total debt less non-recourse debt, divided by total debt less non-recourse debt plus total stockholder's equity.
- **Average Medical Claims Expense (GAAP)** = Medical costs for the period, divided by number of days in such period. Average Medical Claims Expense is most often calculated for the quarterly reporting period.
- **Days in Claims Payable (GAAP)** = Medical claims liabilities, divided by average medical claims expense. Days in Claims Payable is most often calculated for the quarterly reporting period.

In addition, the following terms are defined as follows:

- **State Directed Payments:** Payments directed by a state that have minimal risk, but are administered as a premium adjustment. These payments are recorded as premium revenue and medical costs at close to a 100% HBR. The Company has little visibility to the timing of these payments until they are paid by a state.
- **Pass Through Payments:** Non-risk supplemental payments from a state that the Company is required to pass through to designated

contracted providers. These payments are recorded as premium tax revenue and premium tax expense.

## Forward-Looking Statements

*All statements, other than statements of current or historical fact, contained in this press release are forward-looking statements. Without limiting the foregoing, forward-looking statements often use words such as "believe," "anticipate," "plan," "expect," "estimate," "intend," "seek," "target," "goal," "may," "will," "would," "could," "should," "can," "continue" and other similar words or expressions (and the negative thereof). Centene (the Company, our, or we) intends such forward-looking statements to be covered by the safe-harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995, and we are including this statement for purposes of complying with these safe-harbor provisions. In particular, these statements include, without limitation, statements about our future operating or financial performance, market opportunity, growth strategy, competition, expected activities in completed and future acquisitions, including statements about the impact of our proposed acquisition of Magellan Health (the Magellan Acquisition), our completed acquisition of WellCare Health Plans, Inc. (WellCare and such acquisition, the WellCare Acquisition), other recent and future acquisitions, investments, the adequacy of our available cash resources and our settlements with Ohio and Mississippi to resolve claims and/or allegations made by those states with regard to past practices at Envolve Pharmacy Solutions, Inc. (Envolve), as our pharmacy benefits manager (PBM) subsidiary, and other possible future claims and settlements related to the past practices at Envolve and our ability to settle claims with other states within the reserve estimate we have recorded and on other acceptable terms, or at all. These forward-looking statements reflect our current views with respect to future events and are based on numerous assumptions and assessments made by us in light of our experience and perception of historical trends, current conditions, business strategies, operating environments, future developments and other factors we believe appropriate. By their nature, forward-looking statements involve known and unknown risks and uncertainties and are subject to change because they relate to events and depend on circumstances that will occur in the future, including economic, regulatory, competitive and other factors that may cause our or our industry's actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by these forward-looking statements. These statements are not guarantees of future performance and are subject to risks, uncertainties and assumptions. All forward-looking statements included in this press release are based on information available to us on the date hereof. Except as may be otherwise required by law, we undertake no obligation to update or revise the forward-looking statements included in this press release, whether as a result of new information, future events or otherwise, after the date hereof. You should not place undue reliance on any forward-looking statements, as actual results may differ materially from projections, estimates, or other forward-looking statements due to a variety of important factors, variables and events including, but not limited to: the impact of COVID-19 on global markets, economic conditions, the healthcare industry and our results of operations and the response by governments and other third parties; the risk that regulatory or other approvals required for the Magellan Acquisition may be delayed or not obtained or are subject to unanticipated conditions that could require the exertion of management's time and our resources or otherwise have an adverse effect on us; the possibility that certain conditions to the consummation of the Magellan Acquisition will not be satisfied or completed on a timely basis and accordingly, the Magellan Acquisition may not be consummated on a timely basis or at all; uncertainty as to the expected financial performance of the combined company following completion of the Magellan Acquisition; the possibility that the expected synergies and value creation from the Magellan Acquisition or the WellCare Acquisition (or other acquired businesses) will not be realized, or will not be realized within the respective expected time periods; the risk that unexpected costs will be incurred in connection with the completion and/or integration of the Magellan Acquisition or that the integration of Magellan Health will be more difficult or time consuming than expected; the risk that potential litigation in connection with the Magellan Acquisition may affect the timing or occurrence of the Magellan Acquisition or result in significant costs of defense, indemnification and liability; a downgrade of the credit rating of our indebtedness; the inability to retain key personnel; disruption from the announcement, pendency, completion and/or integration of the Magellan Acquisition or from the integration of the WellCare Acquisition, or similar risks from other acquisitions we may announce or complete from time to time, including potential adverse reactions or changes to business relationships with customers, employees, suppliers or regulators, making it more difficult to maintain business and operational relationships; our ability to accurately predict and effectively manage health benefits and other operating expenses and reserves, including fluctuations in medical utilization rates due to the impact of COVID-19; competition; membership and revenue declines or unexpected trends; changes in healthcare practices, new technologies and advances in medicine; increased healthcare costs; changes in economic, political or market conditions; changes in federal or state laws or regulations, including changes with respect to income tax reform or government healthcare programs as well as changes with respect to the Patient Protection and Affordable Care Act and the Health Care and Education Affordability Reconciliation Act (collectively referred to as the ACA) and any regulations enacted thereunder that may result from changing political conditions, the new administration or judicial actions; rate cuts or other payment reductions or delays by governmental payors and other risks and uncertainties affecting our government businesses; our ability to adequately price products; tax matters; disasters or major epidemics; changes in expected contract start dates; provider, state, federal, foreign and other contract changes and timing of regulatory approval of contracts; the expiration, suspension, or termination of our contracts with federal or state governments (including, but not limited to, Medicaid, Medicare, TRICARE or other customers); the difficulty of predicting the timing or outcome of legal or regulatory proceedings or matters, including claims against our PBM business or whether additional claims, reviews or investigations relating to our PBM business will be brought by states, the federal government or shareholder litigants, or government investigations; challenges to our contract awards; cyber-attacks or other privacy or data security incidents; the exertion of management's time and our resources, and other expenses incurred and business changes required in connection with complying with the undertakings in connection with any regulatory, governmental or third party consents or approvals for acquisitions, including the Magellan Acquisition; disruption caused by significant completed and pending acquisitions making it more difficult to maintain business and operational relationships; the risk that unexpected costs will be incurred in connection with the completion and/or integration of acquisition transactions; changes in expected closing dates, estimated purchase price and accretion for acquisitions; the risk that acquired businesses will not be integrated successfully; restrictions and limitations in connection with our indebtedness; our ability to maintain or achieve improvement in the Centers for Medicare and Medicaid Services (CMS) Star ratings and maintain or achieve improvement in other quality scores in each case that can impact revenue and future growth; availability of debt and equity financing, on terms that are favorable to us; inflation; foreign currency fluctuations and risks and uncertainties discussed in the reports that Centene has filed with the Securities and Exchange Commission. This list of important factors is not intended to be exhaustive. We discuss certain of these matters more*

fully, as well as certain other factors that may affect our business operations, financial condition and results of operations, in our filings with the Securities and Exchange Commission (SEC), including our annual report on Form 10-K, quarterly reports on Form 10-Q and current reports on Form 8-K. Due to these important factors and risks, we cannot give assurances with respect to our future performance, including without limitation our ability to maintain adequate premium levels or our ability to control our future medical and selling, general and administrative costs.

Centene's claims reserving process utilizes a consistent actuarial methodology to estimate Centene's ultimate liability. Any reduction in the "Incurred related to: Prior period" amount may be offset as Centene actuarially determines "Incurred related to: Current period." As such, only in the absence of a consistent reserving methodology would favorable development of prior period claims liability estimates reduce medical costs. Centene believes it has consistently applied its claims reserving methodology. Additionally, approximately \$159 million was recorded as a reduction from premium revenues resulting from development within "Incurred related to: Prior period" due to minimum HBR and other return of premium programs.

The amount of the "Incurred related to: Prior period" above represents favorable development and includes the effects of reserving under moderately adverse conditions, new markets where we use a conservative approach in setting reserves during the initial periods of operations, receipts from other third party payors related to coordination of benefits and lower medical utilization and cost trends for dates of service June 30, 2020, and prior.
